## Career Speakers

Each day our campers will hear guest speakers from all walks of life who are doing great things in our community. Parents are invited to come hear these professionals. Mon - Thurs @ 1:00pm in the LWC Sanctuary.

## #It's All About the Arts!

Welcome to our arts issue! Our little ones had the opportunity to do some great art projects this summer, thanks to our wonderful teachers. Mrs. Jehane came with all sorts of creative things to do with the campers, and Mrs. Nicorrie and Mrs. Sarah were no slackers either. From art projects using t-shirts to paper plates, to wooden sticks, to Mason Jars and papier mache, and last but not least, writing assignments, our campers have had amazing exposure to the arts.

## Margaret Chatman Associate Pastor

---

---

Pastor Margaret Chatman spoke about her dream of being a teacher. She detailed obstacles and disappointments which made it look like she might not make it, however, she kept stretching and praying and her dream came to be. She had a long fulfilling career as a teacher and eventually became a reading coach. She was not only able to help children, but she was able to help teachers help children. "God can do more with you than you can ever imagine or dream."

## Dr. Barry Self Chemist

---

---

Dr. Barry Self has a PHD in Chemistry and owns an FDA testing facility where he tests things such as toothpaste and hair care products. He fascinated the campers with his knowledge of all things teeth related. He let the campers know that he didn't always enjoy the field of chemistry, but it was a natural fit and the science came relatively easy to him. The campers learned through him that you can have a variety of interests, as Dr. Self is also a musician who loves playing music for his church.

## Charlene Blackwell Financial Planner

---

---

Prophetess Charlene Blackwell introduced the campers to the field of accounting and financial planning. She outlined the importance of knowing that in whatever direction God directs us, we will need to have a firm grasp of finances. "As stewards of the blessings of God, we must be diligent to plan and establish our lives in sound biblical principles."

## Cheryl Laguand Social Worker

---

---

Pastor Cheryl Laguand gave the campers strategies to relieve stress. She is a social worker who worked with at risk youth as well as with adults who are underserved in the community. She let the campers know that God sharpened her natural gifts of listening, serving, and helping others and now uses them in a professional capacity.
